

# Enabling People with Long-Term Conditions

How Telecare, Electronic and Computer-based Technologies can help

Innervate Ltd  
117 Waterloo Road  
London  
SE1 8UL

Tuesday  
16th September 2008  
New Connaught Rooms  
London

In association with

The aim of this meeting is to offer a practical perspective on how telecare and associated technologies can positively impact on the delivery of health and social care services in the UK. In addition to keynote presentations there will be a number of "showcases" to demonstrate how telecare, as part of a community rehabilitation package, can help people suffering from long term neurological conditions achieve a higher level of personal and/or social function.

- 08.45 Registration/Tea and Coffee
- 09.30 Delivering effective services now and for the future  
*Dr Emlyn Williams, Consultant in Neurological Rehabilitation, Liverpool*
- 10.00 Using electronic technologies to promote independence and social participation  
*Prof Russell Wynn Jones, General Practice Principal, London*
- 10.30 Coffee/Tea
- 11.00 Showcase Presentations (20-30 min presentations to highlight the use of the technology with people suffering a neurological disorder)
- Dementia Barbara Dunk, Occupational Therapist, Telecare Clinical Lead, Croydon*
- Epilepsy Dr Malcolm Fisk, Chair of the Telecare Services Association*
- Brain Injury Dr Victor Patterson, Consultant Neurologist, Care Centre Director, Belfast Health and Social Care Trust*
- Parkinson's Disease Dr Beverly Castleton, Consultant Geriatrician, Chertsey*
- Motor Neurone Disease Dr Victor Patterson (as above)*
- 13.00 Lunch
- 13.45 Addressing speech and language needs – support through evolving technologies  
*Dr Rebecca Palmer, Research Speech and Language Therapist, University of Sheffield*
- 14.30 Compliance challenges – the impact of telecare and related technologies  
*Dr Andrew Bateman, Chartered Physiotherapist, Clinical Manager, Associate Director of Research, Oliver Zangwill Centre, Cambridge*
- 15.00 Tea/Coffee
- 15.20 Provision of advice services – training for whom and by whom?  
*Dr Kevin Doughty, JRF Centre for Usable Home Technology, University of York*
- 16.00 Telecare – technology that crosses health and social care boundaries  
*Mike Clark, CSIP Telecare LIN*
- 16.40 End
